# The 2018 The University of Arizona College of Medicine Summer Institute On Medical Ignorance

## HIGH SCHOOL STUDENT RESEARCH PROGRAM

The NIH High School Student Research Programs offer positions in productive basic and clinical research laboratories at the University of Arizona College of Medicine (Arizona Health Sciences Center). Students who are **financially**, **educationally**, **and/or socially disadvantaged** are paid the minimum federal hourly wage for 40 hours a week for the duration of the program. As in previous years, 20-25 high school students will be incorporated into the Medical Student Research Fellowship Summer Program, thereby stimulating interactions with "big brother" and "big sister" medical students and also with medical faculty mentors and Visiting Professors conducting bi-weekly research seminars throughout the summer. Our hope and expectation is to attract the best and brightest disadvantaged students to the University of Arizona as undergraduates where some will continue their research and ultimately enter the College of Medicine and other professional and graduate programs.

The Review Committee will consider high school students (particularly juniors) with 3.0 (B) or better cumulative GPAs, *two outstanding letters of recommendation* from their science teachers, guidance counselors, and/ or principals, and additional evidence of research experience or inventiveness, such as science fair exhibits. A *one-to-two-page essay* on **"Why I love science and what the summer medical research apprenticeship will mean to me"** should be attached to the enclosed application form. In addition, students will need to provide *summary information justifying their financially, educationally, and/or socially disadvantaged status.* **Applicants must be U.S. citizens or have a permanent Visa AND have a Social Security Number.** 

#### The application deadline is Monday, January 22, 2018.

Our Review Committee will screen applications and will invite semi-finalists for **interviews on Saturday, February 17, 2018 (Tucson campus).** Students will be notified of interview results within 2 weeks.

At the conclusion of the summer, all participants will deliver a brief oral presentation about their research in a special seminar and will submit a three-to-four page summary report of their progress.

The 2018 summer program **begins Monday, June 4, 2018 and ends Friday, July 20, 2018.** Students are expected to work full-time (Mon.-Fri., 40 hrs. a week) for the entire period. No attendance exceptions will be made, and a fellowship will be terminated automatically if days are missed for reasons other than unexpected illness or death of a family member.

#### Program Director:

Marlys H. Witte, MD, Professor of Surgery

#### **Collaborating Directors:**

Frank Porreca, PhD Professor, Pharmacology Fayez K. Ghishan, MD Professor & Department Head, Pediatrics

#### Mutimedia Collaboratory Producer: Peter Crown, PhD

Curriculum Coordinator: Michael Bernas, MS Program Manager: Grace Wagner Mentors: AHSC faculty

## Checklist of Required Information to Complete Application:

- □ Completed application form *(application page 1)*
- □ Your personal statement of disadvantaged status (application page 3)
- □ A one-to-two page student essay (typed double-spaced or legibly written in black ink) on the following inclusive topic: **"Why I love science and what a summer medical research apprenticeship will mean to me."**
- □ Two letters of recommendation from high school science teachers, guidance counselor, and/or principal (one letter **MUST** be from science teacher)
- □ An official copy of your high school transcript (must be signed and validated with school seal")
- □ Applicant release form (application page 4)

Note: Incomplete application packets will not be evaluated by Review Committee.

**Optional supplementary materials:** 

□ Supporting documentation of your disadvantaged status, if available

## APPLICATION DEADLINE: MONDAY, JANUARY 22, 2018

All application materials should be mailed to: Grace S. Wagner, Program Manager Student Research Programs, The University of Arizona Health Sciences Center, Room 4402K Department of Surgery, P.O. Box 245200, Tucson, AZ 85724-5200
